+ Profile

Third Year Student currently looking for internships involving UI/UX or Front-End Development

Artistic Drive: Inspired by art and creativity to design unique, intuitive digital products with meaningful impact.

Technical Proficiency: Strong foundation in front-end development with expertise in **HTML**, **CSS**, **JavaScript (React)**, and frameworks such as **Laravel**, **Bootstrap** and **Tailwind**.

Design Skills: Proficient in **Figma** for UI design; experienced in paper prototyping for concept development, receiving an A+ in Interaction Design and User Experience Design

Database Management: Familiar with **SQL** and backend integration for structured data systems.

Work Ethic: Part-time waitress, demonstrating balance of responsibilities and ability to thrive under pressure.

+ Education

BSc (Hons) Computing

Dún Laoghaire Institute of Art, Design and Technology

9/2022 - Present

Modules: Digital Media and Prototyping, Web Design, Object Orientated Programming, Databases, Integrated Project, Interaction Design, User Experience Design, Architecture and OS, Software Project, Front-End Development, Game Development and Networks and Cloud Computing.

+ Skills

Languages: Proficient in HTML, CSS, PHP, and JavaScript for building responsive and dynamic websites.

Design Tools: Skilled in Figma for UI/UX design and prototyping, as well as paper prototyping for initial concept development.

Database Managment: Familiar with database technologies for backend integration and data management.

Frameworks and Libraries: Experienced with Laravel, Bootstrap and Tailwind for efficient front-end development and creating mobile-first designs.

Soft Skills: Communication, teamwork, adaptability and time management

+ Work experience

Coding Workshop Volunteer at IADT 11/2023 - Present

- + Created and designed course content to teach primary and secondary students JavaScript.
- + Worked with Transition Year and 5th/6th class groupings, building engaging projects.
- + Fostered interest in STEM through hands-on coding activities.

Jaspers Restaurant, Crown Quarter - Waitress and Kitchen Assistant 5/2023 - Present

- + Collaborated with a team in high-pressure situations, honing communication and customer service skills.
- + Took on increased responsibilities, including training new staff and managing customer orders.
- + Enhanced teamwork abilities through efficient coordination in a busy environment.

Whitford House Hotel – Kitchen Assistant 6/2021 – 8/2022

- + Supported kitchen operations, contributing to food preparation and service.
- + Developed time management skills in a fast-paced setting

+ Interests and Achievements

Self-Taught Artist

- + I am proficient in using Clip Studio Paint.
- + Sell artwork at conventions as a side hobby.
- + Incorporate artistic skills into college projects by creating original assets.

CoderDojo

- + Introduced to coding through HTML and CSS.
- + Participated in a two-week coding course during Transition Year, winning first place for website design

Additional Certifications:

- + Completed barista training with Findlater & Co (certificate available upon request).
- + Trained in First Aid, Manual Handling, Food Safety, and Fire Safety.
- + Completed a course in Self Defense.
